

SEAL® 65 EL

Laminator

The SEAL 65 EL is a high quality, affordably priced wide format cold roll laminator designed for new users to confidently create professionally finished graphics. Built for ease of use, it is ideal for mounting and laminating pressure sensitive graphics up to 65 inches wide. Its durable uniframe construction requires no assembly and minimal maintenance.

Whatever the experience level of the operator, the SEAL 65 EL is easy to use and will deliver high performance jobs for the small to medium sized user. With simplified controls and easy material loading, featuring our unique auto-grip rollers, and flip-up in-feed table for fast webbing, it provides the means to efficiently finish inkjet prints.

Manufactured in the U.S.A. and backed by the most dependable manufacturer in the industry, the 65 EL is perfect for the sign shop who wants to expand their range of applications to include wide format finishing. With its ETL certification, any owners can have peace of mind in the safety and reliability of this machine.

The SEAL 65 EL provides the following features:

Optimum performance

- High quality, professional finishing results
- Durable uniframe construction
- Manually adjustable nip to 1" for easy handling of most any substrate
- Fast 14ft/min. production speed
- Best warranty in the industry

Ease of use

- Flip up in-feed table for easy webbing
- Auto-grip shafts
- Simple controls
- Minimal maintenance
- Roll feed capable
- Optional roll trough, leveling feet and image guide

Safety

- ETL certified (US & Canada)
- Foot switch for hands free operation
- Safety eyes for increased operator safety

The SEAL 65 EL is ideal for producing a wide variety of display graphics.

Single Sided Lamination

Mounting to Rigid Substrates

Applying Pre-mask

Creating Decals
